Solo

Chorus:

But the stairway to the sky is so high
And I wonder why the stars are so bright
So I like the way we play this game today
And there are not many words for us to say

Solo 2

End

Notes:

Arthur is strumming his guitar strings up and down through whole of the song, to make it sound like endless chord-pattern. So, if you can do like this, you are ready to play it. It s simple.

Enjoy.
