

**King Of Hearts**  
**The Sleeping**

(VERSE)

**B E**

Who were you there with?

**G**

Cause I swear I ve seen him before.

**A B**

Though, in the distance I just turned my head away.

**B E**

What part of clinging to the same trends

**G**

makes sense to a girl who cries

**A B**

at least twice a day because she s unhappy?

**B E**

We could have made it with a couple of deep breaths.

**G A B**

There was a light. We could have reached it, there was a light.

**B E**

Though, all this pain and aggravation

**G A B**

causes me to feel that I was just a card dealt out of spite.

**E**

Well, I call your bluff.

(CHORUS)

**B A E G**

Get with it, Get with it. Did you think that I was blind enough to not realize?

**E G B**

Well better luck next, better luck next guy.

**B A**

And why was it, why was it every time that we would have it out

**E G**

you wouldn t cry?

**E G B**

You d just place your bet, make the call, go run and hide.

(VERSE)

(CHORUS)

**BB BB BB BB**

All alone. [x6]

**BB BB BB BB BB**

My heart isn't broken, and I'm not dead. [x8]
