

**Cupid De Locke**  
**The Smashing Pumpkins**

Great song. ITs hard to translate into chords because I cant hear any of the guitar, if there are any correction, please let me know.

Standard tuning. Just use the chord changer thingy here if you dropped your tuning like the album

**D# Bb**

**D# Bb D# Bb** (or you acn just use D#)

Cupid hath pulled back his sweetheart s bow

To cast divine arrows into her soul

**Cm D# Bb**

To grab her attention swift and quick

**Gm G# Bb**

Or morrow the marrow of her bones be thick

**D# Bb**

**Cm D# Gm G#**

With turpentine kisses and mistaken blows

**D# Bb D# Bb**

See the devil may do as the devil may care

He loves none sweeter as sweeter the dare

**Cm D# Bb**

Her mouth the mischief he doth seek

**Gm G# Bb**

Her heart the captive of which he speaks

**D# Bb**

**Cm D# Gm G#**

So note all ye lovers in love with the sound

**D# Bb D# Bb**

Your world be shattered with nary a note

**G# D#**

Of one cupids arrow under your coat

D# Bb D# Bb (x12 or something. You could just use D# here again)

Say yeahh

**G# Bb**

Say yeah (when he goes lower)

And in the land of star crossed lovers  
And barren hearted wanderers  
Forever lost in forsaken missives and satan s pull  
We seek the unseekable and we speak the unspeakable  
Our hopes dead gathering dust to dust  
In faith, in compassion, and in love
