

## Rocket

### The Smashing Pumpkins

Artist: Smashing Pumpkins

Song: Rocket (Acoustic)

Note: Based on 2007 tour acoustic version, not the SD tour acoustic version although they are very close.

These are just the basic chords for the song. Billy changes everything up by alternating the chords a bit here and there. So if you want to play an **Dsus2** where it says **D** it will work aswell. Same goes with a **Asus2** or **Am7** where it says **A**. I ve just put the basic chords down so it ll be a little bit easier for you to experiment with.

Also if you find it a bit boring to just play a **G** chord thru-out the verse you can for example throw in a **G** with a **F** as the root (See Billys version from Oeiras

Festival, Portugal, 2007) or add a **Cadd9** chord at the end of every phrase, kind of like they did with the acoustic versions in 1993.

**G**  
Bleed in your own light  
**G**  
Dream of your own life, I  
**G**  
miss me, I  
**G D F C**  
miss everything I ll never  
**G D F C**

**G D F C**  
on I torch my  
**G D F C**  
soul to show The world that I am pure Deep inside my  
**G D F C**  
heart No more  
**G**

**G**  
A crown of horns  
**G**  
An image formed deformed

The mark I ve borne  
**G**  
A mark of scorn to you

**C**

Consume my love, devour my hate
