

So i m looking up into the blue skies
So i m looking up into the blue skies
So i m looking up into the blue skies
So i m looking up into the blue...

Chorus...

So I m looking up in to the blue skies
Where I watch the swallow as it flys
Thinking would you rather see me fall
So I m looking up in to the blue skies
Where I watch the swallow as it flys
Thinking would you rather see me crawl
See me fall
