A TRICK WITH NO SLEEVE  
 (by Alain Johannes, Dave Grohl & Joshua Homme)

I like to play this song with the pick, by picking the bass notes with it, and plucking with my fingers the other strings. Also, when it get to the chorus, you can strum as it should be, without losing pace. What a great song!

Lyrics:

Under hallowed sky  
Ghosts are giving way  
As a crow did fly  
Meet me here someday  
One from ashes risen  
Two from memories served  
On three we all believe  
Trick with no sleeve

Blinded by the deafening  
Ever-present past  
Silent voices carry  
Mine won't be the last  
So I do believe  
A trick with no sleeve

Open hands a glowing sun  
On my way back home  
A loving glance, a caring touch  
Oh, I hope it won't be long  
An open heart, a deep blue moon  
On my way back home  
The magic at the rainbow's end  
Oh, I hope it won't be long

Woke up in a mirror  
Saw myself as you  
Didn't seem so different  
Now what should we do?  
Pick up missing pieces  
Mystery once again  
So, I do believe  
A trick with no sleeve

Open hands a glowing sun  
On my way back home  
A loving glance, a caring touch  
Oh, I hope it won't be long  
An open heart, a deep blue moon  
On my way back home  
The magic at the rainbow's end  
Oh, I hope it won't be long

Won't you reach into this life  
Won't you reach into this life  
Won't you reach into this life  
And take it

Open hands, a glowing sun

On my way back home  
A loving glance, a caring touch  
Oh, I hope it won t be long  
An open heart, a deep blue moon  
On my way back home  
The magic at the rainbow s end  
Oh, I hope it won t be long

Hope it won t be long  
Hope it won t be long  
Hope it won t be long
