

Midnight Sun
The Sounds

Am **C** **Am**
Waking up, with sunbeams in my eyes

G **Am** **G**
And the world outside, seems to pass me by

Am **C** **Am**
Embrace the land, where the ocean meets the sand

G **Am** **G**
And emotion fades away, until you take my hand

Dm **C** **G**
I will be coming with you, tonight

F **C** **G**
You re all that I want, you re all I have, you re all I need

Dm **C**
Oh, you will be shining on me

G **F** **C** **G**
Like a midnight sun you re the only one who can set me free

Am
You will set me free

Am **C** **Am**
Still so young and anxious to be free

G **Am** **G**
But now I m trapped inside, with all these memories

Am **C** **Am**
There s more than this, if you open up your eyes

G **Am** **G**
And then soon you will realize, those days are all gone

Dm **C** **G**
I will be coming with you, tonight

F **C** **G**
You re all that I want, you re all I have, you re all I need

Dm **C**
Oh, you will be shining on me

G **F** **C** **G**
Like a midnight sun you re the only one who can set me free

Am
We need to find a way to live

C
There s more to take, there s more to give

G
We try so hard, we try so hard and this time

F **C**
We re on our way

Dm **C** **G**
I will be coming with you, tonight

F **C** **G**
You re all that I want, you re all I have, you re all I need

Dm **C**
Oh, you will be shining on me

G **F** **C** **G**
Like a midnight sun you re the only one who can set me free

G **F** **C** **G**
Like a midnight sun you re the only one who can set me free

F **C** **G** **Am**
Like a midnight sun, like a midnight sun, like a midnight sun
