

Needlepoint

The Spinto Band

D Bm

I am just for a moment carefully spoken broken

Gm A

Wearing what I just woke up in

D Bm

I end without a warning reasonably worn out

Gm A D

I got the sense that you won't be too miserable

A D A (walk up) **D**

And everybody knows it aches the heart to go on and so

D#m E A----

Often I'll knit a pattern taken from the thirteenth level stuck in Bubble Bobble again

D Bm

You'll ask whether I'm mad I'm better at acting sad but

Gm A

I'll refrain I rarely strain my voice but

D Bm

Now that you've taken all of the other waking

Gm A D

Hours ahead of us, I'll forget it

A D A Bm Cm C# D (G? F#?)

And everybody sews it takes a girl with with know-how to know how to plow through

D#m E A----

An autumn colored scene depicting you and me careening on a seesaw

D Bm

But now that you've shown disinterest in the thought

Gm A

I've taken that it's

D Bm

not what I've sewn that's driven you to leave

Gm

It's got to do with me

Solo

D Bm

I can just for a moment see if it's torn or not and

Gm A

If it is then you might as well stitch it

Bm F#m Gm Bm

Walking at night Drinking again Sulking at sight of your girlfriend

Bm F#7 Gm A D

Loiter and sigh Needle in hand Embroidering myself as planned but
stranaaandeedddd

D Bm

Across an empty seat since you ve shown disinterest in the thought

Gm A

I ve taken that it s not what I ve sewn that s driven you to leave

Gm A

It s making me believe

Gm A

that what you ve done to me

Gm A D D

has got to do with me

Tabbed by Barton Lewis
