

Dramma Summer
The Starting Line

GJ person who did this before me... I liked it and used it to play the song. sor
I
sorta used your tab for this but I have a fiew changes I want to make to it the
first
is The fact that you used power cords. I use Barre cords in this song insted
because
they are ment for strumming up and down and power cords just down. An other
thing that
I changed is your *B5 cord i didnt see how that played into the song and its
actually
the same EXACT note as your othe B5 it just has a difrent tamber. The last thing
I
changed was your B5 all together making it Bm because the song is in the Key of
D and
B is not in the key of D wch made it sound off while playing Barre cords.
