The Statesboro Revue

[Intro]

A G D A G D A

[Verse]

We were both out lookin for ourselves
Don t know how we found each other
I thought you were something else
Yeah you came for me, in the morning light

And I said heyahhey we belong together
I m betting on a sure thing baby just wait and see
You can t always count on the weather
But when trouble s at your doorstep baby you can count on me

Never know until it s there
Like a morning rain wihtout a warning
I was completely unaware
And you sang to me all through the night
Yeah you came for me in the morning light

And I said heyahhey we belong together
I m betting on a sure thing baby just wait and see
You can t always count on the weather
