LYRICS-----

[INTRO]

[VERSE]

I let the furnace of my anger

Heat where you lay

It never burned you, it just kept the cold at bay

Write it over and over again

The same chords the same end

[PRECHORUS]

How many times did I offend?

[CHORUS]

Is it so hard to think like we used to?

Itâ€™s nothing I canâ€™t prove
To my stubborn self

[VERSE]

You play the roles in my fate
Struggle and fight to relate
Thereâ€™s nothing here to sedate
So I wait
And write it over and over again
The same chords the same end

[CHORUS]

Is it so hard to think like we used to?
Itâ€™s nothing I canâ€™t prove
To my stubborn self
I canâ€™t control you
Selfish if I do
All of the plans that you made never included me

[BRIDGE]

All of the plans that you made never included me
All of the plans that you made never included me

[CHORUS]

Is it so hard to think like we used to?
Itâ€™s nothing I canâ€™t prove
To my stubborn self
I canâ€™t control you
Selfish if I do
All of the plans that you made never included me
