SMALL TALK - THE STORY SO FAR

Sorry if the chord names are confusing, they are relative to standard tuning(EADGBE). As i was going through i realized the song is most likely played in Drop D but i would rather not play in Drop D, so i tweaked the tab to accommodate everyone heh.

*Edit: If you decide to play it in the down-a-half-step tuning, you may find it easier to read by going looking to the left of your screen and translating all of the chords up a half step. Then the chords you read will be relative to the tuning.
