Tempo 40 Bars Per min = 160bpm

This song is based around the G chord, mainly in 8th notes -3-3-3-3. Each section is two bars bars 16 8th notes. In section A & B the opening two notes are 1/4 notes --3--3- The notes in brackets (3-3) play only the first note. The second note is held giving a 1/4 note. It is important to emphasise the first note to get the feel of the riff. In section D the 5th note in each cord is an 1/4 note. In section I the last note in each bar is a 1/2 note. You will need fast fingers to play section J.

This is my best effort in tabbing this great song, if you have any problems or improvements to make please contact me. All the best in Black. John.
