Luck fell in the right place for me
Bbmaj7 Eb/F
The day you happened to come by.
Bbmaj7 Ebmaj7
You caught me feeling all was useless,
Bbmaj7 Eb/F
And left me feeling ten feet high.

Dbmaj7 Cm7
Now nothing again can be quite the same.
Dbmaj7 Fm7 Eb/F
You gather my fears, and threw them away.

Luck dropped in, just at the right time;
The time when I felt most alone.
All my dreams had seemed to vanish.
Now my nightmares have upped and gone.

I m not scared of farewells. Nothing s the same twice.
I stride through the day, and float through the night.

Ebmaj7 Dm7 Gm7 Ab/Bb
How much choice do we have in this?
Ebmaj7 Dmaj7 Gm7 Ab/Bb
Like some almighty hand, smashing your life into pieces,

I want it all the time.

Luck, in your country kisses.

Ooh, I love your outlook.

Luck, in your hills and valleys.

Go on talking, my babbling brook.
