PERFORMED BY SUICIDE MACHINES

This is my first tab, and I very sure of everything except the bridge. This is played in standard tuning. Its a very easy song, it only uses common chords (A, B, F, G, F, and C). if there are any problems email wblinkkidw@aol.com

intro: **G, F, C**

pre chorus:

G	C	G	C
Well I canâ€™t wait to tell you all about her, all about my new girl			
G	C	G	C
And I canâ€™t wait for you to hear me shout it, all about my new girl			

verse one:

G	C
When we were together you tried to break my heart	
G	C
Said you always did your best at keeping us apart

G	C
I canâ€™t wait to see your face when you and your friends show up	

chorus:

So Iâ€™ve got a - I got a new girl (repeat 4 times)

verse 2 (same as verse 1):

Something makes you think that youâ€™re some kinda winner
Said you wanna get married and cook somebody dinner?
Said youâ€™re making fun of me â€™cause Iâ€™m young and got no money
Iâ€™ve got no time for school books â€™cause I got no time to study.
