

Lightning In The Bottle The Summer Set

Here are more simplified yet effective chords for beginning guitarist. Hope you find this acceptable.

Lightning In A Bottle
By: Summer Set

Intro: **A E B**

E **B**
Out in the wild, party in nowhere land

A
We start a fire sparklers in every hand

E **B**
No phones let go, cut all the strings tonight

E **B**
Singin' aloud howlin' right at the moon

A
We're making out, life's never felt so good

E **B**
Bring on the storm, we're wilin' out tonight

A
Then you lost your shoes, as it started to rain

B **E**
And your jeans soaked through But you smiled anyway

A
Throw our hearts in the air, Hearts in the air

B
Hearts in the air

(Guitar pause) **A**
We're catching lightning in a bottle

E
Don't give a fuck about tomorrow

A
Yeah we're dancing in the backseat
We don't need gravity

B
Here in the afterglow

A
Yeah we're rolling with the thunder

E
Now take a breath, we're going under

A

We re getting busy on the backstreets

E **B**

We don t need gravity here in the afterglow

E **B**
Back of the car, blankets and me and you

A
We re running on perfectly wasted youth

E **B**

I ll hold you close, we ll call this home tonight

A **B**

And the fake tattoo that you drew on my arm

A **E**

Had an X and an O, Never change who you are
