Someday
The Summer Set

Intro: **F Dm Bb F**

```
    F
Even if I were king for a day
  Dm          Bb        F
Iâ€™d leave this place behind
          F
Could have everything that money can buy
  Dm        Bb    F
But not be satisfied

        Dm     Bb C
Yeah, there must be more
        Dm   Bb   C
That Iâ€™m looking for
```

[Chorus]:

```
           F         Bb              F
Cause thereâ€™s gotta be something out there
    F        Bb            C
If I fly high enough, Iâ€™ll find somewhere
   F           Bb          C        Dm
So Iâ€™ll hold my breath, â€˜till I float away
     Bb        Dm   C    F
Maybe Iâ€™ll come down someday

    F
Even if I were somebody else
  Dm          Bb      F
Iâ€™d chase the same song
         F
Could be near, far, or be on the stars
  Dm          Bb  F
Iâ€™ll find where I belong

    Dm     Bb  C
If I donâ€™t let go
    Dm Bb  C
I may never know
```

[Chorus]:

```
           F         Bb              F
Cause thereâ€™s gotta be something out there
```

```
      F           Bb          C
If I fly high enough Iâ€™ll find somewhere
   F           Bb           C       Dm
So Iâ€™ll hold my breath, â€˜till I float away
      Bb         Dm    C  F
Maybe Iâ€™ll come down someday

            F             Bb          F
Yeah thereâ€™s gotta be something out there
      F          Bb         C
If I fly high enough Iâ€™ll find somewhere
   F           Bb           C       Dm
So Iâ€™ll hold my breath, â€˜till I float away
      Bb         Dm    C  F
Maybe Iâ€™ll come down someday

Dm    Bb                 C
I may never find the answer
Dm            Bb          C
I just gotta be on my own
Dm       Bb             C
This may not last forever
Dm          Bb            C
I know I can always come home

[Chorus]:

           F           Bb               F
Cause thereâ€™s gotta be something out there
      F         Bb          C
If I fly high enough Iâ€™ll find somewhere
     F           Bb          C       Dm
So Iâ€™ll hold my breath, â€˜till I float away
        Bb         Dm   C   F
Maybe Iâ€™ll come down someday

           F         Bb              F
Yeah thereâ€™s gotta be something out there
     F         Bb          C
If I fly high enough Iâ€™ll find somewhere
     F           Bb          C       Dm
So Iâ€™ll hold my breath, â€˜till I float away
      Bb         Dm   C   F
Maybe Iâ€™ll come down someday

      Bb         Dm   C   F
Maybe Iâ€™ll come down someday
      Bb         Dm   C   F
Maybe Iâ€™ll come down someday
```
