- I love The Sundays. I always have and I always will. They are, perhaps my favourite

band of all time!

***Please note that the E in every B, A, E progression is held for two measures, I.E. It

sounds like: B, A, E, E. :D

This tab is one of my several, upcoming and desperate attempts to add to the tiny cache

of tabbed and chorded The Sundays songs on the interwebz.

Enjoy! :)
