you know it s out there somewhere

Read and memorize
make a wish come true
and you can telephone free
eyes and ears and mouth and nose
in a face that you compose
but it cuts you like never before

It s so hard to ignore
You want so much and then you want some more
somehow your appetite grows
you d just love what you can t possess
you know it s out there somewhere

intro

You d really love so much
and then you d go spoil yourself with more
strange how your appetite s grown
till you re just lying in a corner upstairs
looking out there somewhere...
