

**Shes Got A Fever
The Sunshine**

<http://www.thesunshine.se/>

I m not quite sure of the lyrics, sometimes you can t hear what they are singing and don t show the lyrics on their website. But the chords should be correct so here it is.

Dm **F** **G**
I heard a rumour bout you boy
Dm **F** **G**
I know when things are going under
Dm **F** **G**
Itâ€™s getting harder to ignore
Bb **C**
I donâ€™t wanna know when things are going under

Dm **F** **G**
Where are the deejays from before
Dm **F** **G**
Where are the hits I gotta wonder
Dm **F** **G**
Iâ€™m not afraid of lovin no
Bb **Csus C**
I just wanna know how to feel

D **Bb** **G**
Sheâ€™s got fever
 D **Bb** **G** **C**
And baby nothings gonna save her by now, yeah
 D **Bb** **G**
I gotta see her
 F **G** **Bb** **C**
 Dm
Until nothingâ€™s gonna save her, nothingâ€™s gonna save her from herself

Use the same chords as above:

We heard a rumour about you boy
We know when things are going under
We put it back where things belongs
We donâ€™t wanna know when things are going under

Chop off my head and watch me go
I wonâ€™t be here when things go under
I heard a rumour â€˜bout you boy
I donâ€™t wanna know how to feel

Sheâ€™s got fever

And baby nothings gonna save her by now

Yeah, I gotta see her

Until nothingâ€™s gonna save her, nothingâ€™s gonna save her from herself
