(chords are the same as last time around)

There is a girl in New York City

She calls herself the human trampoline

And sometimes when I m falling, flying

Tumbling in turmoil I say

Oh so is this what she means

She means we re bouncing into Graceland

And I see losing love

Is like a window in your heart

Everybody sees you re blown apart

Everybody feels the wind blow

And I m going to Graceland,  
Memphis, Tennessee,  
I m going to Graceland

End on **D**
