

I Wont Be Found
The Tallest Man On Earth

[Verse 1]

A **F#m**
Well if I ever see the morning
D **E**
Just like a lizard in the spring
A **F#m**
Iâ€™m gonna run out in the meadow
D **E**
To catch the silence when it sings

Iâ€™m gonna force the Serengeti
To disappear into my eyes
Then when I hear your voices callinâ€™
Iâ€™m gonna turn just inside out

[Chorus]

D **A**
Well if I ever get to slumber
D **E**
Just like a mole deep in the ground
E **A**
Hell, I wonâ€™t be found

[Verse 2]

Deep in the dust forgotten gathered
I grow a diamond in my chest
I make reflections as the moon shines on
Turn to a villain as I rest

[Chorus]

D **A**
Well if I ever get to slumber
D **E**

Just like a mole deep in the ground

E **A**
Hell, I won't be found

[Bridge]

F#m
I know there is a hollow
A **D**
I need to fill it with a draft
E
Of all the words that I wont way
F#m
And with a quiet whisper
A **F#m**
I send a curse upon the day
D
That never used the sun to see
E
The light

[Verse 3]

I'm gonna float up in the ceiling
I built a levee of the stars
And in my field of tired horses
I built a freeway through this farce

[Chorus]

D **A**
Well if I ever get to slumber
D **E**
Just like a mole deep in the ground
E **A**
Hell, I won't be found
