

King Of Spain
The Tallest Man On Earth

Artist: The Tallest Man On Earth [<http://www.thetallestmanonearth.se/>]
Song: King of Spain
Album: future album of the year 2009
Tabbed by: Rigoletto [lol.i.am.satan -at- gmail -dot- com]

** This is in standard tuning, without the little tricks he does, like that bass rythm. I m a bad guitarist, sorry. Since the tab is based on YouTube clips of him live, the tuning varies a little. Use a capo to play along with the clip. Also, for this reason I m not 100% sure of the lyrics. **

N.C.
I never knew I was a lover

C
Just cause I steal the things you hide

D
Just cause I focus while we re dancing

G
Just cause I offered you a ride

Well I am not from Barcelona
I am not even from Madrid
I am a native of the North Pole
And that can mess up any kid

D
C
 Well if you can reinvent my name
D
C
D
 Well if you can redirect my day
G
 I wanna be the king of Spain

And I will settle in Pamplona
And Iâ€™ll provoke the bulls with words
And then Iâ€™ll send a man to meet them
But he s fake, so I have heard

And all the señoritas sighing
Will be the fountain of my life
But while we re floating in siesta
You search for bottles and for knives

Well if you...

And I wear my boots of Spanish leather
Oh while Iâ€™m tightening my crown
I ll disappear in some flamenco
Perhaps Iâ€™ll reach the other side

Why are you stamping my illusion?
Just cause I stole some eagle s wings
Because you named me as your lover
Like all I could be anything

Well if you...
