

On Every Page
The Tallest Man On Earth

Tallest Man On Earth

On Every Page, from the new album There's No Leaving Now

All chords relative to capo

Some odd ones:

D7Sus4 = x20200

Bmin6 = x20100 " With these two he moves quickly from the **E7sus4** to the **Bmin6**, and plays

the g string then the b string in each case.

Csus2/A = x20230

This song has a lot of "twiddly" bits on the high e and b strings, revolving around the

3rd and 5th fret I think. These are just the basic chords, but if you play around with

adding stuff on the bottom two strings then I think this is pretty close so far.

Verse

Gm **Csus2/A**
When you just tell them what I cannot say

F **Bb** **D7Sus4 Bmin6**
when you just shine upon the ghosts along my way

Gm **Csus2/A**
I drop the game of throwing knives alone

F **Bb**
there must be marks on every tree

D7Sus4 Bmin6 **EbSus2 Eb** **D7Sus4 Bmin6**
from the past to our home

Gm **Csus2/A**
Only the mayfly used to tell me so

F **Bb** **D7Sus4 Bmin6**
now here is august, drop your weight, just let go

Gm **Csus2/A**
now midnight sun takes turns with northern lights

F **Bb** **D7Sus4 Bmin6**
will I ever have to feel what those blades were about?

Prechorus

EbSus2 Eb D7Sus4 Bmin6

(here he goes into the more traditional, alternating bass note fingerpicking style)

Eb Bb
In that sound of sighing, that empty howl

D7Sus4 Bmin6 Gm Gm/F
and all the everloving bends in the line of your tries

Eb Bb
some ends forgotten and some others believed

D7Sus4 Bmin6 Gm Gm/F
whatever happened to the boy is now a tale for the seas

Chorus

Eb Bb F
when you know you're already young

Eb Bb F
like the grass wither to become

EbSus2 D7Sus4 Bmin6 D7Sus4 Bmin6
again and free,

Gm
it's all we'll ever be

Here he does a lick that he hums over which is based around a G chord, and the 3rd frets
on the B and high E strings

And I think that's it! Just repeat the verse/chorus bits until the last verse,
where he
slows back down into the more flamenco style.

Verse

I don't remember where i learned to dive
but I am humble for the rocks when I try
and somehow I am lowered onto the waves
now with you I feel the sun and the salt on my face

Prechorus

In that sound of sighing, that empty howl
and all the everloving bends in the line of your tries
some ends forgotten and some others believed
whatever happened to the boy is now a tale for the seas

Chorus

when you know you're already young
like the grass wither to become
again and free,
it's all we'll ever be

Slower Verse

The tired motion of the rusty bell
just humming, visitor I quit, go to hell
I've been the tower but now walk along
there must be marks on every page
from the past to these songs.

Prechorus

In that sound of sighing, that empty howl
and all the everloving bends in the line of your tries
some ends forgotten and some others believed
whatever happened to the boy is now a tale for the seas

Chorus

when you know you're already young
like the grass wither to become
again and free,

End on **Gsus2** = x02200
it's all we'll ever be
