If I could I d hijacked time like a fancy whip on an intersection
and drive back to see you Just to tell you that I need you
like the seasons need the earth spinning around the suncenter
to split this adventure called life
would you witty witty go all out like bonnie and clyde
girl you with me? Then get in and lets drive off until this hollywood like
panoramic sunset
And on the way lets take a corner store for some spare changes and a bottle of
cheap wine
Then hit a cheap motel walk a twist just spine, like we used to
shit, too bad this, it ain t true and I m just daydreamin ,
thinking about you... You look good though...

It s all in my mind... Amen...

Memory is a Bitch, like scar tissue thats been stiched at least twenty times
cause
the cut was deep
Sometimes like that chinese water torture where they let water a leak
until your forehead sweent scent the body temperature but you cant hold up
She had to reach. We ain t even speak for years now and its weird how I m in
love again.
And it s all prime time but then just sometimes you storm into my mind, like a
backdraft.
when I m daydreaming, it was funny as you always smile like you used to before
you leaving.
Peace, girl, I see you again... Well, when I m daydreaming...

Peace...

Is in your head, is in your head, it is in your head
In your head, is in your head, is in your head, it is in your head
Is in your head, it is in your head, it is in your head, is in your head,
Is in your heart and in your head...
