

Bike Cops

The Taxpayers

Verse: **G B7 Em C -> C7**

Chorus: **G Em Am C**

G B7 Em C -> C7

You got caught up in U-locks, played chicken with bike cops,
danced badly with employees at hotel picket lines.

Stole copies from Kinko s, spray painted the windows,
and slept on the floor for a year.

Then they got you on charges of assaulting an officer,
interfering with a "protector of the peace",
disorderly conduct, harassment, and trespassing;
we panicked, and now you re locked in a jail cell alone.

G Em Am C

But don t ever get lonely. You ve got friends
