Bm **Em**
I ve been living through changes

A **G (F#m Em D)**
And I could swing for you

Bm **Em**
I can see the veins in

A **G**
my hands are showing through

Bm **Em**
And if you disguise what

A **G (F#m Em D)**
these things are doing to me

Bm **Em**
Well if you criticize them

A **G**
I know that you can see

[chorus] [the riff I tabbed out in the start is played here]

D **Bm (not sure)**
Until you realise

D **Bm (not sure)**
It s just a story

[repeat]

[verse]

Consequently my reaction s
getting rather strange
But I can see your course of action
Leading to a change

[bridge or what you like to call it]

```
E|-----|
B|-----|
G|-----|
D|-----0-2-0-----| (organ for guitar)
A|-0-2-4-----4-2-|
E|-----|
```

Em **A**
You gotta get ready for me-ee

Em **A**

Is it real

Em **A**

Or is it treason?

Em **F#m Em D**

Is it treason?

[verse]

I ve been living through changes
It s not the same thing every day
I hope it s not my age but
I wouldn t like to say

Mirror hopping days of coarse reaction
Oh it s very hard to fight
I gotta find a plan of action
But I couldn t get it right

Until you realise [chorus]
