

The Asylum
The Tears

There are some Gm that might be a A#, so, keep your ears sharpened.

F

F

When I hear the man outside my window
Kicking down my door,

Dm **Am** **C**

And all the megaphones are screaming
Letters of the Lord

A# **C**

Would you walk in through the gates

Gm **C** **Gm**

And visit me, would you, please?

A# **F**

In the Asylum

(Just repeat the chords)

When they re counting out the chemicals
And doing daily tasks,
And giving out prescription drugs,
And putting on their masks

A# **C**

Would you wander through the grounds,

Gm **C**

To visit me,

A# **Gm**

As they opened up the gates

C

And turn the key, would you, please?

F

In the Asylum

F

Gm **C**

If they burn my brain away,

Gm **C**

Would you understand?

A#

If they try to hold me down,

C

Would you hold my hand?

Gm **A#** **F**

Could you stand, stand the Asylum?

In the Asylum
