```
The Asylum
The Tears
```

There are some Gm that might be a A#, so, keep your ears sharped.

When I hear the man outside my window Kicking down my door,

Dm

Am

And all the megaphones are screaming Letters of the Lord

A#

Would you walk in through the gates

Gm C

And visit me, would you, please?

A#

F

In the Asylum

(Just repeat the chords) When they re counting out the chemicals And doing daily tasks, And giving out prescription drugs, And putting on their masks

A#

Would you wander through the grounds,

Gm C

To visit me,

A#

As they opened up the gates

And turn the key, would you, please?

In the Asylum

F

Gm

If they burn my brain away,

Would you understand?

A#

If they try to hold me down,

Would you hold my hand?

Gm A#

Could you stand, stand the Asylum?

In the Asylum

In the Asylum In the Asylum
