Or were you cold as I once told you you could be

Could you feel when I dreamed you,

Every morning on my rise

Dispelling thoughts til you were all that I could see

Well I ve been running from the source so long

**C** **G**

Instrumental interlude (same as intro/ verses)  
-----

Verse 2 (same as other verses)  
-----

Saw the sign at the border,  
For the road that leads me to  
The only hope I ever had, the only home I knew

I felt like I was a soldier,  
Forever changed by all I'd seen  
Wounded in a holy war that was nothing to do with me

Pre-Chorus (same as other pre-chorus)  
-----

Well some nights amid my broken sleep,
