Back To Gray Acoustic The Thermals

Em Hail Mary, heaven willing Let a blanket, cover everything hold us high, hold a sigh mother don t let us die before the springtime I don t need any love, cause I ve got the elements Electric light, electric license I can add it all up one plus one (Repeat verse 1, but replace the last F with a G) $\mathbf{E}\mathbf{m}$ Your face fits in the frame so Like your footprints in the fake snow Sky sight now, a strobe light Black to white and black to white and black to white and back to grey again (repeat until ..back to grey again) Em If you do not mind I will not stay If you can climb I will find a way Εm If you do not mind I will not stay If you can climb I will find a way Em Hail Mary, Heaven willing Let a blanket cover everything I can add it all up one plus one
