

**Back To Gray Acoustic**  
**The Thermals**

**Bb**                    **Dm**  
Hail Mary, heaven willing  
**Gm**                    **Eb**  
Let a blanket, cover everything  
**Bb**                    **Dm**  
hold us high, hold a sigh  
**Gm**                    **Eb**  
mother don t let us die before the springtime  
**Bb**                    **Dm**                    **Gm**  
I don t need any love, cause I ve got the elements  
**Eb**  
Electric light, electric license  
**Eb**  
I can add it all up one plus one

(Repeat verse 1, but replace the last F with a G)

**Dm**                    **Bb**  
Your face fits in the frame so  
**Dm**                    **Bb**  
Like your footprints in the fake snow  
**Eb**                    **Bb**  
Sky sight now, a strobe light  
**F**  
Black to white and black to white and black to white and back to grey again

(repeat until ..back to grey again)

**F**                    **Dm**                    **C**  
If you do not mind I will not stay  
                         **Bb**  
If you can climb I will find a way  
**F**                    **Dm**                    **C**  
If you do not mind I will not stay  
                         **Bb**  
If you can climb I will find a way  
**F**                    **Dm**  
Hail Mary, Heaven willing  
**C**                    **Bb**  
Let a blanket cover everything  
**F**  
I can add it all up one plus one
