--2----4----2----2----2----2----2-|
--3----2----0----0----0----0----0-|
--x----x----x----x----x----x----x-|
```

(the change between Am and Asus2 is just lifting your index finger)

i remember reading this tab from another site needless to say it wasn t hard to find,  
the lyrics well that was a hard thing to come by so here enjoy my findings :) i have  
the tabs in the right order for the first verse apart from that the song mostly goes in that order.

**C**  
Well excuse me while I kiss the sky

**Bm**  
Iâ€™ve been high too long but Iâ€™m coming down

**Am**                    **Asus2**  
Iâ€™m falling off

**Am**                    **Asus2**    **Am**  
I said Iâ€™m falling off

And to the single mum trying to make ends meet  
She works hard all day stacking frozen meat/ always on her feet  
Iâ€™m falling off  
I said Iâ€™m falling off  
And to your so-called world of celebrity  
And your Jekyll and Hyde of society

Iâ€™m falling off  
Iâ€™m falling off  
From falling over you  
Iâ€™m falling over you  
Iâ€™m falling over you

(Repeat)

Letâ€™s run away from here

Follow me, Iâ€™ll make it better  
Iâ€™m falling over you  
Wash your tears  
I know this pain wonâ€™t last forever  
Iâ€™m falling over you

I know the way you feel  
I promise I will make it better  
Iâ€™m falling over you  
You say that love ainâ€™t real  
I promise you Iâ€™ll make it better  
Iâ€™m falling over you

Well excuse me while I kiss the sky  
Iâ€™ve been high too long but Iâ€™m coming down  
Iâ€™m falling off  
I said Iâ€™m falling off  
Iâ€™m falling over you
