Tiger Lillies - Lager Lout

**Am** **F**  
Sitting in a death house and smiling with a leer  
**E** **Am**  
Happy, I should say so, hiding every fear  
**Am** **F**  
Asking you some questions, chance it is untrue  
**E** **Am**  
Twisted, corrupted and shot blue  
**Bm** **F** **E**  
They don t love you, Lager Lout  
**Am** **F**  
All of your white lies they re all turning black  
**E** **Am**  
Your liver s got a cancer, your heart s under attack  
**Am** **F**  
And your brain so much at bay, they could build a port  
**E** **Am**  
They filled you up with ignorance and the Daily Sport  
**Bm** **F** **E**  
And they don t love you, Lager Lout  
**Bm** **F** **E**  
They don t love you, Lager Lout  
**Bm** **F** **E**  
They don t love you, Lager Lout  
**Am**  
Lager Lout  
**E** **Am**  
Lager Lout
