Tears - The Tragic Thrills

Capo 1

C

I lost it all

G

I punched the wall again

F

But it was stronger than my hands

And they were swollen

C

They were red

C

And Im a fool

Im not a lion

G

Im a man

I cant out run the herd

F

They said

But I can love and love again

C

You too

You too

C

We ve got scars reminding us

G

That we ve got hearts that bleed

F

And next time we re dealt

Dirty cards

C

We ve got tears

So we can weep

C

I took control

When I was pressing sheets

G

Trying to cry myself to sleep

F Slapped some good sense into me **C**

C
I cut the rope

Lifted the chin that held my head **G**

A moment of silence and regret **F**

And felt the pounding in my chest **C**
Oh yeah

C
We ve got scars reminding us

G
That we ve got hearts that bleed

F
And next time we re dealt
Dirty cards

C
We ve got tears
So we can weep

C
They don t know the pain in love

G
Cause they love apathy

F
Maybe we are better off

C
Having tears
So we can weep

F
Sticks and thorns

C
Tearing up holes

G
Turning us to stone

We re all made naked by the truth **C**

F
Sticks and thorns

C
Won t ever hush my soul

G
Whatever love I know

C
We ve got scars reminding us

G
That we ve got hearts that bleed

F

And next time we re dealt
Dirty cards

C
We ve got tears
So we can weep

C
They don t know the pain in love

G
Cause they love apathy

F
Maybe we are better off

C
Having tears
So we can weep

C **G**
Maybe we are better off

F
Having tears

G **F**
So we can weep
