

**Kings And Queens**  
**The Treble**

**Am F C C** (x2)

**Am**

How come every time we touch

**F**

**C**

Feels like some kinda dark desert road?

**Am**

With no hands on the wheel

**F**

**C**

I can feel you wherever I go

**Am**

I m going 100 miles an hour

**F**

**C**

Heading straight for the edge of this world

**Am**

**F**

And if I fall into nothing then I ll know

**C**

I can never be sure

[Chorus]

**F**

So what if I sold my soul

**G**

**Am**

To anyone, anyone

**F**

**C**

Anyone who asked for it?

**F**

So what if I sold my soul

**G**

**Am**

To anyone, anyone

**F**

**C**

Anyone who asked for it?

**Am**

**F**

**C**

Kings and queens of the wreckage we ve been

**Am**

**F**

**C**

I didn t let you drown

**Am**

**F**

**C**

Tired at sea, I ve been doubting my dreams

**Am**

**F**

**C**

But I believe it now

**Am**

How come every time you walk in

**F**

**C**

Feels like a tropical storm

**Am**

With not a cloud in the sky

**F**

**C**

I m a thousand miles from the shore

**Am**

I m going to batten my hatches

**F**

**C**

And brace myself for the worst

**Am**

I feel you coming right at me

**F**

**C**

Don t say that you haven t been warned

[Chorus]

**F**

So what if I sold my soul

**G**

**Am**

To anyone, anyone

**F**

**C**

Anyone who asked for it?

**F**

So what if I sold my soul

**G**

**Am**

To anyone, anyone

**F**

**C**

Anyone who asked for it?

**Am**

**F**

**C**

Kings and queens of the wreckage we ve been

**Am**

**F**

Straight ahead

Put my riches to rest

**Am F**
