

End Of The Line
The Trews

Am7 Fsus2 C Gsus4/B

Verse:

Am7 Fsus2

War in the living room,

C Gsus4/B

We swore we weren't like that.

Am7 Fsus2

Once we went down that road,

C Gsus4/B

There was no turning back.

Anger and jealousy
And distorted fact,
Left this pale shadow
of a life we once had.

How could you love and then
Change just like that?
You give your whole heart away
Then take it all back.

Chorus:

C D7 Fsus2 C

This is the end of the line tonight

C D7 Fsus2 Bb5 G5

We can't defend what we know ain't right.

Em F

It's over, it's over, it's over,

Am G Dm

This love we should let die.

C G C Gsus4/B

This is the end of the line.

Broken down promises
Linger on in my head.
The scars and the blemishes
that time could not mend.

How can you live losing
All we once had?

Come on now, little girl,
It ain't quite that bad.

This is the end the line Tonight
We can't defend what
we know ain't right

It s over, it s over, it s over
This love we should let die.
This is the end of the line.

D Bb G

Nothing but love gets you so hypnotized.
Nothing but love brings them tears to your eyes.
Nothing but love takes away all your pride.
Nothing but love eats you away inside.
