The Twilight Singers

Intro:

G

G **G** **G** **G**
Take me to a place, high above the tide
G **G** **G** **G**
underneath the waves, where i can come inside
G **G** **G** **G**
a reveille, told in fractured time
G **G** **G** **C**
only in this way, will i become alive
C **Em** **G** **C**
fill me with your love, i m standing by
C **Em** **G** **C**
you and you alone, don t ask me why
C **Em** **G**
there s an inner place, i cannot find

G **G** **G** **G**
so s-o-l, and petrified
G **G** **G** **C**
so, everytime, you blow your mind
C **Em** **G** **C**
i wait for you, you never come
C **Em** **G** **C**
you re bleeding through, i must be numb
C **Em** **G** **C**
and you are just a dream, i cannot find
C **Em** **G** **F**
from under what you see, don t ask me why

F **C** **G** **D**
don t leave it alone, my love, my wreckage
 F **C** **G** **C**
i ain t to weak to run, though slow, i m coming

G **G** **G** **G**
once i count the numbers down, to the end or there around
G **G** **G** **G**
free or thus, forever bound, for forever s coming down

C
