

Ms Grace
The Tymes

(Transcribed by Beach Bum)

NOTE: This song is played in the style of Carolina Beach music. There is a certain rhythmy soulish mojo in this song. The chords are played with a constant finger modulation that goes in unison with the strumming. On the verse, the C Maj chord should be worked in a constant modulation with a C Alt; likewise, the F Maj works in a constant modulation with an Fmaj7. The feel is like a very rhythmic polka style.
