

Something To Hope For  
The Undeserving

So this is mainly a piano song, but I guess it might work with just a guitar

**Em F G Am Em F Gsus G**

**Am**

Do you remember

**F**

when life was an ember

**Em Gsus G**

waiting to burst into flames

**Am F**

Are you so tired, and so uninspired

**Em Gsus G**

slowly drifting to the end?

**Em F G Am**

Don't let your heart keep breaking

**Em F G Gsus G**

Move on, please don't look back

**F C G**

We fall down, we get up

**Am G**

We try to hold our head up

**F C Gsus G**

when life pulls us apart

**F C G**

And We fight and we bleed

**Am G F C G Am G F**

But all we ever need is something to hope for

**C G**

Something to hope for

**Am F**

Whatever we can see, whoever we should be

**Em Gsus G**

is well within our reach

**Am**

Though nothing is certain

**F**

we pull back the curtain

**E/C Gsus G**

longing for purpose there

Pre Chorus

Chorus

**Am B/G C Dm C**

We bend, we may break,

but we keep it together

but we keep trying
