

**Hard Coming Love**  
**The United States of America**

A great song by this unfairly unknown band. The first verse was written by the band's leader, Joe Byrd and the rest of the song was written by their amazing lead vocalist, Dorothy Moskowitz. She also does a hell of a job singing it.

**C** **F**  
Love don't come easy, babe,  
**C** **F**  
Got to be slow.  
**C** **F** **C**  
Simple to talk about love,  
**F**  
But I want to know  
**G**  
All the things you're thinking  
**F**  
When the colored lights are blinking  
**G** **F**  
And your head starts slowly sinking down,  
**C**  
Cause it's hard coming, love  
**F** **G-G-G-F**  
Hard coming, love  
**C**  
coming love

**C** **F**  
Something about you, babe,  
**C** **F**  
Turning me round,  
**C** **F**  
So if you want me, babe,  
**C** **F**  
You can't put me down.  
**G**  
When you say you need me,  
**F**  
And no other one can please me  
**G** **F**  
There's that whole thing coming on where you belong.  
**C**  
Oh it's hard coming, love,  
**F** **G-G-G-F**  
Hard coming, love

**C**

coming love.

**C**

**F**

If you re uncertain, babe

**C**

**F**

Don t turn it aside

**C**

**F**

Save it for this time, now.

**C**

**F**

You can t run and hide.

**G**

Tell me all the ones you re riding

**F**

Round with all the time you re hiding

**G**

**F**

Down beneath the cover of your blind,

**C**

Cause it s hard coming love
