Hank Williams never had a sweetheart  
That made him sing his bleeding heart  
Like the girl that I met when I found you  
Through the radio I hear a mission  
The same old country station  
Every song that I hear is about you

(CHORUS)

SOLO 2:

**C G D G C G D G**

Well, Cornwall s got me pitting  
My brains against my mittens  
And my eyes they re dragging me down  
Hope my baby s still my baby  
Hope she s not driving someone else crazy  
Hope I don t fall asleep before the next town

(CHORUS)

**D G**  
We slow danced in Place St. Henri  
**D C**  
We slow danced in Place St. Henri
