

Burn
The Vamps

C **G**
I need big dreams in city streets and bright lights
Em **D**
Cause this seems to make me feel alright
C
And I want this one and I can take
G **Em** **D**
And I can feel myself from the brick about to break
C **D**
And I be lost and alone
Em **C**
And I m scared to find my own
D **Em** **D** **C**
I need hope or control but something s pulling me in
G
It needs to hurt so we could work
Em
And I need fire, so I can burn
D
And I need love, so I can learn
C **G**
I m just a boy with the world
Em
At my feet to find a girl
D **C**
Telling me to not get hurt, telling me but I won t learn
G
Cause I want you and nothing can stop this
Em **D**
So let s sit and watch this burn
C **G**
And as it ends up in ashes, we sit and laugh, yeah
