

Can We Dance
The Vamps

F
I talk a lot of shit,
G
When I'm drinkin baby,
Em **Am**
I normally go a little too fast,
F
Don't mind all my friends,
G
I know they're all crazy,
Em **Am**
But they're the only friends that i have,
F **G**
I know I don't know you but I'd like to,
Em **Am**
Skip the small talk and romance girl,
F
That's all i have to say so,
G **C**
Baby Can We Dance?

F
Here we go again,
G
Another drink I'm caving in,
Em **Am**
Stupid words keep falling from my mouth,
F
You know that I mean well,
G
My hands were meant for some where else,
Em **Am**
Your eyes were doing naughty butterflies.

F
Oh, oh,
G
One more drink and I should go,
Em
Oh, oh,
Am
But maybe she might like it though,
F
Oh, oh,
G
I just can't think of what to say,
Em

Should I go, should I stay,
Am
I just can't let her slip away.

F
I talk a lot of shit,

Baby Can We Dance?

F
I was leaning in,
G
And you became the pushy friend,
Em **Am**
You're the bottle to my perfect ten,
F
You know I need you though,
G
My hearts not made for someone else,
Em **Am**
So leave me here cuz I can't bear this thing

F
Oh, oh,
G
One more drink and I should go,
Em
Oh, oh,
Am
But maybe she might like it though,
F
Oh, oh,
G
I can't take this anymore,
Em
Should I stay, should I go,
Am

It s just gonna lead back to her door.

Whispering rude things in her ear,

Please say shell break,

Please say shell change,
