Can We Dance
The Vamps
    F
I talk a lot of shit,
When I'm drinkin baby,
                                           Am
I normally go a little too fast,
Don't mind all my friends,
I know they're all crazy,
                                                  Am
But they're the only friends that i have,
                                                   G
I know I don't know you but I'd like to,
                                               Am
Skip the small talk and romance girl,
That's all i have to say so,
Baby Can We Dance?
Here we go again,
Another drink I'm caving in,
Em
                                                    Am
Stupid words keep falling from my mouth,
You know that I mean well,
My hands were meant for some where else,
                                                           Am
Your eyes were doing naughty butterflies.
F
Oh, oh,
One more drink and I should go,
Εm
Oh, oh,
Αm
But maybe she might like it though,
Oh, oh,
```

I just can't think of what to say,

Em

```
Should I go, should I stay,
I just can t let her slip away.
I talk a lot of shit,
When I'm drinkin baby,
                                           Am
I normally go a little too fast,
Don't mind all my friends,
I know they're all crazy,
                                                              Am
But they're the only friends that i have,
                                                              G
I know I don't know you but I'd like to,
                 Εm
                                               Am
Skip the small talk and romance girl,
That's all i have to say so,
Baby Can We Dance?
I was leaning in,
And you became the pushy friend,
                                           Am
Your the bottle to my perfect ten,
You know I need you though,
My hearts not made for someone else,
                                                     Am
So leave me here cuz I can t bear this thing
F
Oh, oh,
One more drink and I should go,
Em
Oh, oh,
Am
But maybe she might like it though,
Oh, oh,
I can t take this anymore,
Should I stay, should I go,
Am

I've been a bad bad boy,
                                           Am
Whispering rude things in her ear,
Please say shell break,
                                     G
Please say shell change,
         Em
I wanna bring me back to.
