Can We Dance
The Vamps
    Eb
I talk a lot of shit,
When I'm drinkin baby,
                                           Gm
I normally go a little too fast,
Don't mind all my friends,
I know they're all crazy,
                                                  Gm
But they're the only friends that i have,
                                                     F
I know I don't know you but I'd like to,
                                               Gm
Skip the small talk and romance girl,
That's all i have to say so,
                              Bb
Baby Can We Dance?
Eb
Here we go again,
Another drink I'm caving in,
Dm
                                                     Gm
Stupid words keep falling from my mouth,
You know that I mean well,
My hands were meant for some where else,
                                                           Gm
Your eyes were doing naughty butterflies.
Eb
Oh, oh,
One more drink and I should go,
Dm
Oh, oh,
Gm
But maybe she might like it though,
Eb
Oh, oh,
I just can't think of what to say,
```

```
Should I go, should I stay,
I just can t let her slip away.
    Eb

Eb
I was leaning in,
And you became the pushy friend,
                                           Gm
Your the bottle to my perfect ten,
Eb
You know I need you though,
My hearts not made for someone else,
Dm
                                                      Gm
So leave me here cuz I can t bear this thing
Eb
Oh, oh,
One more drink and I should go,
Dm
Oh, oh,
Gm
But maybe she might like it though,
Eb
Oh, oh,
I can t take this anymore,
Should I stay, should I go,
Gm

It s just gonna lead back to her door.

I've been a bad bad boy,
                                           Gm
Whispering rude things in her ear,
Please say shell break,
