

Can We Dance
The Vamps

E
I talk a lot of shit,
F#
When I'm drinkin baby,
Ebm **G#m**
I normally go a little too fast,
E
Don't mind all my friends,
F#
I know they're all crazy,
Ebm **G#m**
But they're the only friends that i have,
E **F#**
I know I don't know you but I'd like to,
Ebm **G#m**
Skip the small talk and romance girl,
E
That's all i have to say so,
F# **B**
Baby Can We Dance?

E
Here we go again,
F#
Another drink I'm caving in,
Ebm **G#m**
Stupid words keep falling from my mouth,
E
You know that I mean well,
F#
My hands were meant for some where else,
Ebm **G#m**
Your eyes were doing naughty butterflies.

E
Oh, oh,
F#
One more drink and I should go,
Ebm
Oh, oh,
G#m
But maybe she might like it though,
E
Oh, oh,
F#
I just can't think of what to say,
Ebm

Should I go, should I stay,

G#m

I just can't let her slip away.

E

Ebm

G#m

Your the bottle to my perfect ten,

E

You know I need you though,

F#

My hearts not made for someone else,

Ebm

G#m

So leave me here cuz I can't bear this thing

E

Oh, oh,

F#

One more drink and I should go,

Ebm

Oh, oh,

G#m

But maybe she might like it though,
