[Intro] **A Asus4/E A/E Asus2/E**

```
                   A                        Asus4/E
Of course I get lonely, I guess I ain t old me
                 A/E                                      Asus2/E
I m sick and I m tired of getting used up and tossed to the side
               A                         Asus4/E
I hate this hotel room, for walls that stop me from getting you
              A/E                     Asus2/E
I m hoping that some day, we can runaway for a little
```

But I promise I ll be back soon
And a voice through a phone ain t the same it s true
Give me time, and I ll give you every drop of mine

```
A                                        Asus4/E
Keep the car running, and keep those sheets warm
                                    A/E
Cause baby there s nothing, that I want more
                                     Asus2/E
To hold you right beside me, the way I always do
But I gotta tell you something, I miss you but
A         E7                      A  Asus4/E
You never know when I m coming home
```

```
                  A                        Asus4/E
I know it s been six weeks, but how could I ever forget your old face
                A/E                                        Asus2/E
And I find it so cute when you think there s ever been anyone but you
```

I know I said I promise I ll be back soon
Just come move my way so we can get through
But give me time, and I ll give you every drop of mine

```
A                                        Asus4/E
Keep the car running, and keep those sheets warm
                                      A/E
Cause baby there s nothing, that I want more
                                       Asus2/E
To hold you right beside me, the way I always do
But I gotta tell you something, I miss you but
A         E7                      A
You never know when I m coming home
             Asus4/E                A/E                   Asus2/E
When I m coming home, when I m coming home, when I m coming home
```

```
A                                 Asus4/E                          A/E
```

```
Tomorrow feels  like a lifetime away, so why don t you stay right here
                            Asus2/E
Cause my arms were made for you tonight
Lie in, sink into my skin

A                                     Asus4/E
Keep the car running, and keep those sheets warm
                                    A/E
Cause baby there s nothing, that I want more
                                        Asus2/E
Then hold you right beside me, the way I always do
But I gotta tell you something, I miss you but
A
You never know
A                                     Asus4/E
Keep the car running, and keep those sheets warm
                                    A/E
Cause baby there s nothing, that I want more
                                      Asus2/E
To hold you right beside me, the way I always do
But I gotta tell you something, I miss you but
A          E7                         A
You never know when I m coming home
                  Asus4/E              A/E              Asus2/E
When I m coming home, when I m coming home, when I m coming home
```
