

Fall
The Vamps

B
Didn't know you were ready, ready for it all
E **G#m**
Never said that you'd get me, you never let me know
E
If I knew then what I know

B
Now you see that you're ready, now you wanna go
E
But darling, please don't tempt me
G#m
I've gotta take control
E **B**
Turn the lights way down low

G#m
Can't take my eyes off
E **B** **F#**
Can't take my hands off you

G#m **F#**
For the first time
B
Just fall

E
Our hearts are racing
B
Fall

E **G#m**
Why did we wait so long?

We just fall
E **B**
Hold on, hold on, hold on

E **B**
The night we met under starlight, after the storm
E
And knew that we would be alright
G#m
Your skin feels soft and warm
E **B**
Now let's go round one more time

G#m
Can't take my eyes off

Can t take my hands off you
