

Higher
The Vamps

A E D
Does it hit like a bullet, my darling

A E D
Whenever you hear that song?

A E D
Does it take you a moment to realise

F#m E D
All that you knew is gone?

A E D
Does it feel like the seconds are hours?

A E D
Has the clock frozen in time?

A E D
Do you tell everyone whose around you
F#m E D
That love ruins you heart with its lies

E D
Do you wait until you can pretend

E D
You re okay and it starts again

A E
If everything s changing I need you to know
That the hardest decision

F#m
Was letting you go

D
Searching for moments that we shared before

A
When you took me higher, higher

E
You took me higher, higher

F#m D
You took me higher, higher

A E D
One hundred and sixty-eight hours

A E D
Since I stepped off that train

A E
For the questions

D
I don t have the answer

F#m E D
Nothing I feel is the same

F#m **E** **D**

No nothing is left I m to blame

A **E**
If everything s changing I need you to know
That the hardest decision

F#m

Was letting you go

Searching for moments that we shared before

A **E**
I clang to the memory how you came to me

F#m

Counting the hours like I watched you sleep

Give up, I shout out

F#m **D**

All of the days became one

A

And I walk home alone

E

I hide away from my phone

F#m **D**

Nothing is right now you re gone

A **E**
If everything s changing I need you to know
That the hardest decision

F#m

Was letting you go

D

Searching for moments that we shared before

A **E**

I clang to the memory how you came to me

F#m

Counting the hours like I watched you sleep

D

No nothing else matters like you did for me

A

When you took me higher, higher

E

You took me higher, higher

F#m

D

You took me higher, higher

A

Higher, higher

E

Higher, higher

F#m

Higher, higher

D

A
